Sisters of Hope

My Sister's Place Mentors

About

Sisters of Hope, a program of My Sister's Place, offers mentoring relationships to the women served in our shelter, and we are currently looking for more mentors.

A Sister serves as a supportive friend, trusted ally, encourager, prayer partner, and coach to our residents. The role is not to have all the answers or solve every problem, but to walk alongside women as they navigate their journey toward stability and independence.

"I want the girls to know they are valued, they are loved, & that they always have someone to reach out to. I'm here for them."

— *Jackie, Mentor*

The Mentor's Role

- Prioritize meeting with your resident at least twice per month, with at least one meeting taking place in person.
- Foster open, honest, and respectful two-way communication, safe from judgment.
- Maintain confidentiality regarding personal information shared by your resident, except when there is a safety concern that requires appropriate action.
- Communicate consistently and follow through on commitments.
